Dear friends,

In December 2008, we had invited you for a visit of the Parisian bridges between Pont Neuf and Alexander the 3<sup>rd</sup> bridge. This year, again with the *Office de Tourisme de la Vallée de Chevreuse*, we invite you to a **guided tour of Parisian bridges of l'île Saint-Louis and l'île de la Cité.**

This bilingual French-English visit will take place on **Saturday 10<sup>th</sup> of October from 2:30 pm**

With a guide, you will discover the different bridges around Ile de la Cité and Ile Saint-Louis, in Paris, and you will hear of the main famous sites of these islands : Palais de justice, Notre-Dame...

All guest researchers, PhD students and MBA of HEC registered at Science Accueil and their families are welcome to participate to our visits.

Participation fees **Adults + children above 16 years old : 10 euros** (free for children under 16)

Meeting point: **at 2:30 pm in front of "Théâtre du Châtelet"**

If you want to join us for this visit, **please register on October 7<sup>th</sup> at the latest** by sending us the **answer coupon** (see next page) and **your fees**. We suggest you to register by email and to tell us how you want to pay for the visit in your email. Beware : your registration will be confirmed only once we have received your payment for the visit! We will email you then to confirm your registration and payment.

As the number of participants is limited, we advise you not to wait for too long before registering!
