accessible for
people with reduced
mobility

How the courses are run

The address and map to your course location will be sent to you by e-mail as well as the codes for wi-fi access in your classroom.

Frequency of classes, absences

The length of the semester is 60 hours, with two 2-hour classes per week. In case of absence, please inform your teacher.

In case of absence of the teacher, you will be informed as soon as possible, and the course will be rescheduled

Immersion courses

Some courses will consist of field trips according to themes adapted to each level and organized by your teacher: the extra-cost of the field trips is borne by the students (museum, exhibition, cinema or restaurant, tickets...)

FFL Party

During this end-of-semester ceremony, you will be officially presented with your certificate of attendance (or great attendance depending on your presence in class). This will be the occasion for each group to present, in a festive context, its progress: skits, songs, presentations...

Online courses

For everyone's comfort, your camera must be turned on during online sessions.

workshops "Apéro-FLE"

"Apéro-FLE" workshops are offered in free access during the semester. Registration via the form that you will receive by e-mail.

Resource Center

Computer point, library and digital resource center

You will find :

- Books to borrow
- Online educational and cultural resources to practice French independently
- A computer point available by appointment

At the beginning of the semester, you will have access to the online resource center and all its information on how to take tests and diploma exams.

please follow the health regulations
