

VIVRE LE FRANÇAIS

Live, love & learn

Learning to speak Molière's language isn't that difficult! Our recipe? Welcoming you in small groups with certified French as a Foreign Language teachers in a relaxed and friendly atmosphere to speak, practice in real life scenarios, celebrate French and more!

**FRENCH AS A FOREIGN
LANGUAGE COURSE**

OUR PACKAGES

Science Accueil offers **3 packages** that cater to all profiles:

1 Semester-based courses

Regular lessons twice a week during a semester for repeated and long-term learning. Small groups and immersion lessons allow these courses to address writing with a focus on oral expression. Participants also get access to “Apéro-FLE” evenings.

2 Summer course package

Want to make rapid progress in French over a short period of time? Semi-intense summer courses are organised in July and September to get you ready to go back to school or work. We offer 8 to 10 hours of lessons per week with a qualified professor who adapts their programme to the level and specific requests of the group.

3 “A la carte” courses

Do you have a special request, would you like to offer courses within your organisation? Choose the “à la carte” option: courses tailored to your specific goals, schedule and location, either individually or for a group... everything is tailor-made!

... They talk about it:

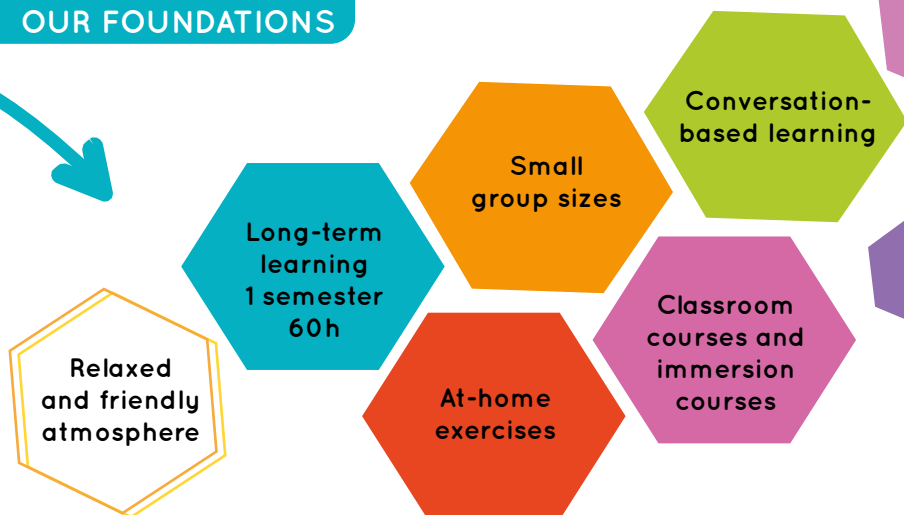

“Teacher always tried to encourage the students for both friendly and professional discussion on different topics to be more comfortable with the language in daily life.” (*participant semester October-February 2026*)

“The group of students was small. Also the atmosphere was really nice. The introduction for french culture by providing french sweets was also a plus.” (*participant Summer Course July 2026*)

SEMESTER-BASED COURSES

OUR FOUNDATIONS

COURSE CONTENT

- **Classroom courses and immersion courses**
Current affairs, day-to-day topics, French culture, role play and immersion (shops, cafes, landmarks, exhibitions, ...)
"I thought it was the best of the course. I enjoyed them a lot."
(participant in the March-July 2025 semester)
- **Fête du FLE**
A ceremony takes place at the end of each semester: shows, presentations, certificates, cocktail reception.
- **Apéro-FLE**
In addition to lessons, perfect your French through casual and fun evening gatherings with board games, mime, outdoor activities, and debates.

COURSES LEVELS

5 levels are offered, ranging from beginner to advanced, subject to a sufficient number of registrations per level.
An online placement test is offered upon registration.

PRACTICAL INFORMATION

ECTS CREDITS

Some doctoral schools count this training towards ECTS credits (please enquire).

SCHEDULE

Courses are offered twice a week generally from 6pm to 8pm from Monday to Thursday (except « à la carte » courses).

Both semester are independent and take place from the second week of October to the first week of February, and from the second week of March until the first week of July.

Summer courses take place over three weeks in July and three weeks in September.

LOCATIONS

Semester-based courses are offered in different locations: (Gif-sur-Yvette Moulon, Bures-sur-Yvette, Massy-Palaiseau, Évry, Versailles, Villejuif...), as well as online.

Summer courses take place in Gif-sur-Yvette and/or online.

"A la carte" courses can be organised on site at the request of institutions in the south-west of the Île-de-France region and Paris.

COSTS

Semester package

60-hour session, i.e. 2 x 2 hours over 15 to 18 weeks.

Cost : 504 € per semester

(with flexible payment options)

Summer courses packages

Cost: 201 € per 24-hours classes

(with flexible payment options)

Not included: exceptional costs for certain immersion outings (coffee, restaurant, museum, etc.)

REGISTRATION

Register via a form available at www.science-accueil.org, under the heading 'Learn French' (or scan the QR code).
